Scheduled Public Input John Haydt wants to purchase land on Baptist Hill Rd. He and his attorney Michael Briechle and the seller's attorney Charlie Aliano requested information about the area of Baptist Hill Rd that is no longer maintained. John wants to know if the road will be maintained if he builds a home there. He had it surveyed by Butler Surveying and they found a legal description that the road was no longer maintained in 1942. The supervisors will review the map and discuss with Michael Giangrecco.

Old Business Doug noted the Spring Cleanup is Saturday, June 5 from 8am – 1pm for metal and tires. The FEMA buyout is proceeding. Mr. Brozena met with three families that are ready to sign the letters. Two properties have some legal issues to resolve before they can proceed. One property is too large and one a shared well. The initial report for the three families might be settled in mid-July. The demolition of the homes is covered in the grant and the mineral rights are included in the sale to the township. The Goodrich property was sold and need to confirm the new owner is not interested. The tax impact from these properties is \$713.56.

The American Rescue Act continues to change. PSATS initially stated an application was not needed. The governor changed it and an application needs to be sent to DCED. Doug and Linda are attending a webinar for training on filling out the application.

Doug is checking into a CPA firm that PSATS suggested to assist with the funding from CARES. The *firm has* not had any turn backs.
